BETA CARYOPHYLLENE

LIMONENE

LINALOOL

#### NOSE

#### **TASTE**

- SWEET

- EARTHY

- FRUITY

- CHOCOLATEY

- FLORAL - SPICY

#### LINEAGE: LAVA CAKE X DO-SI-DOS

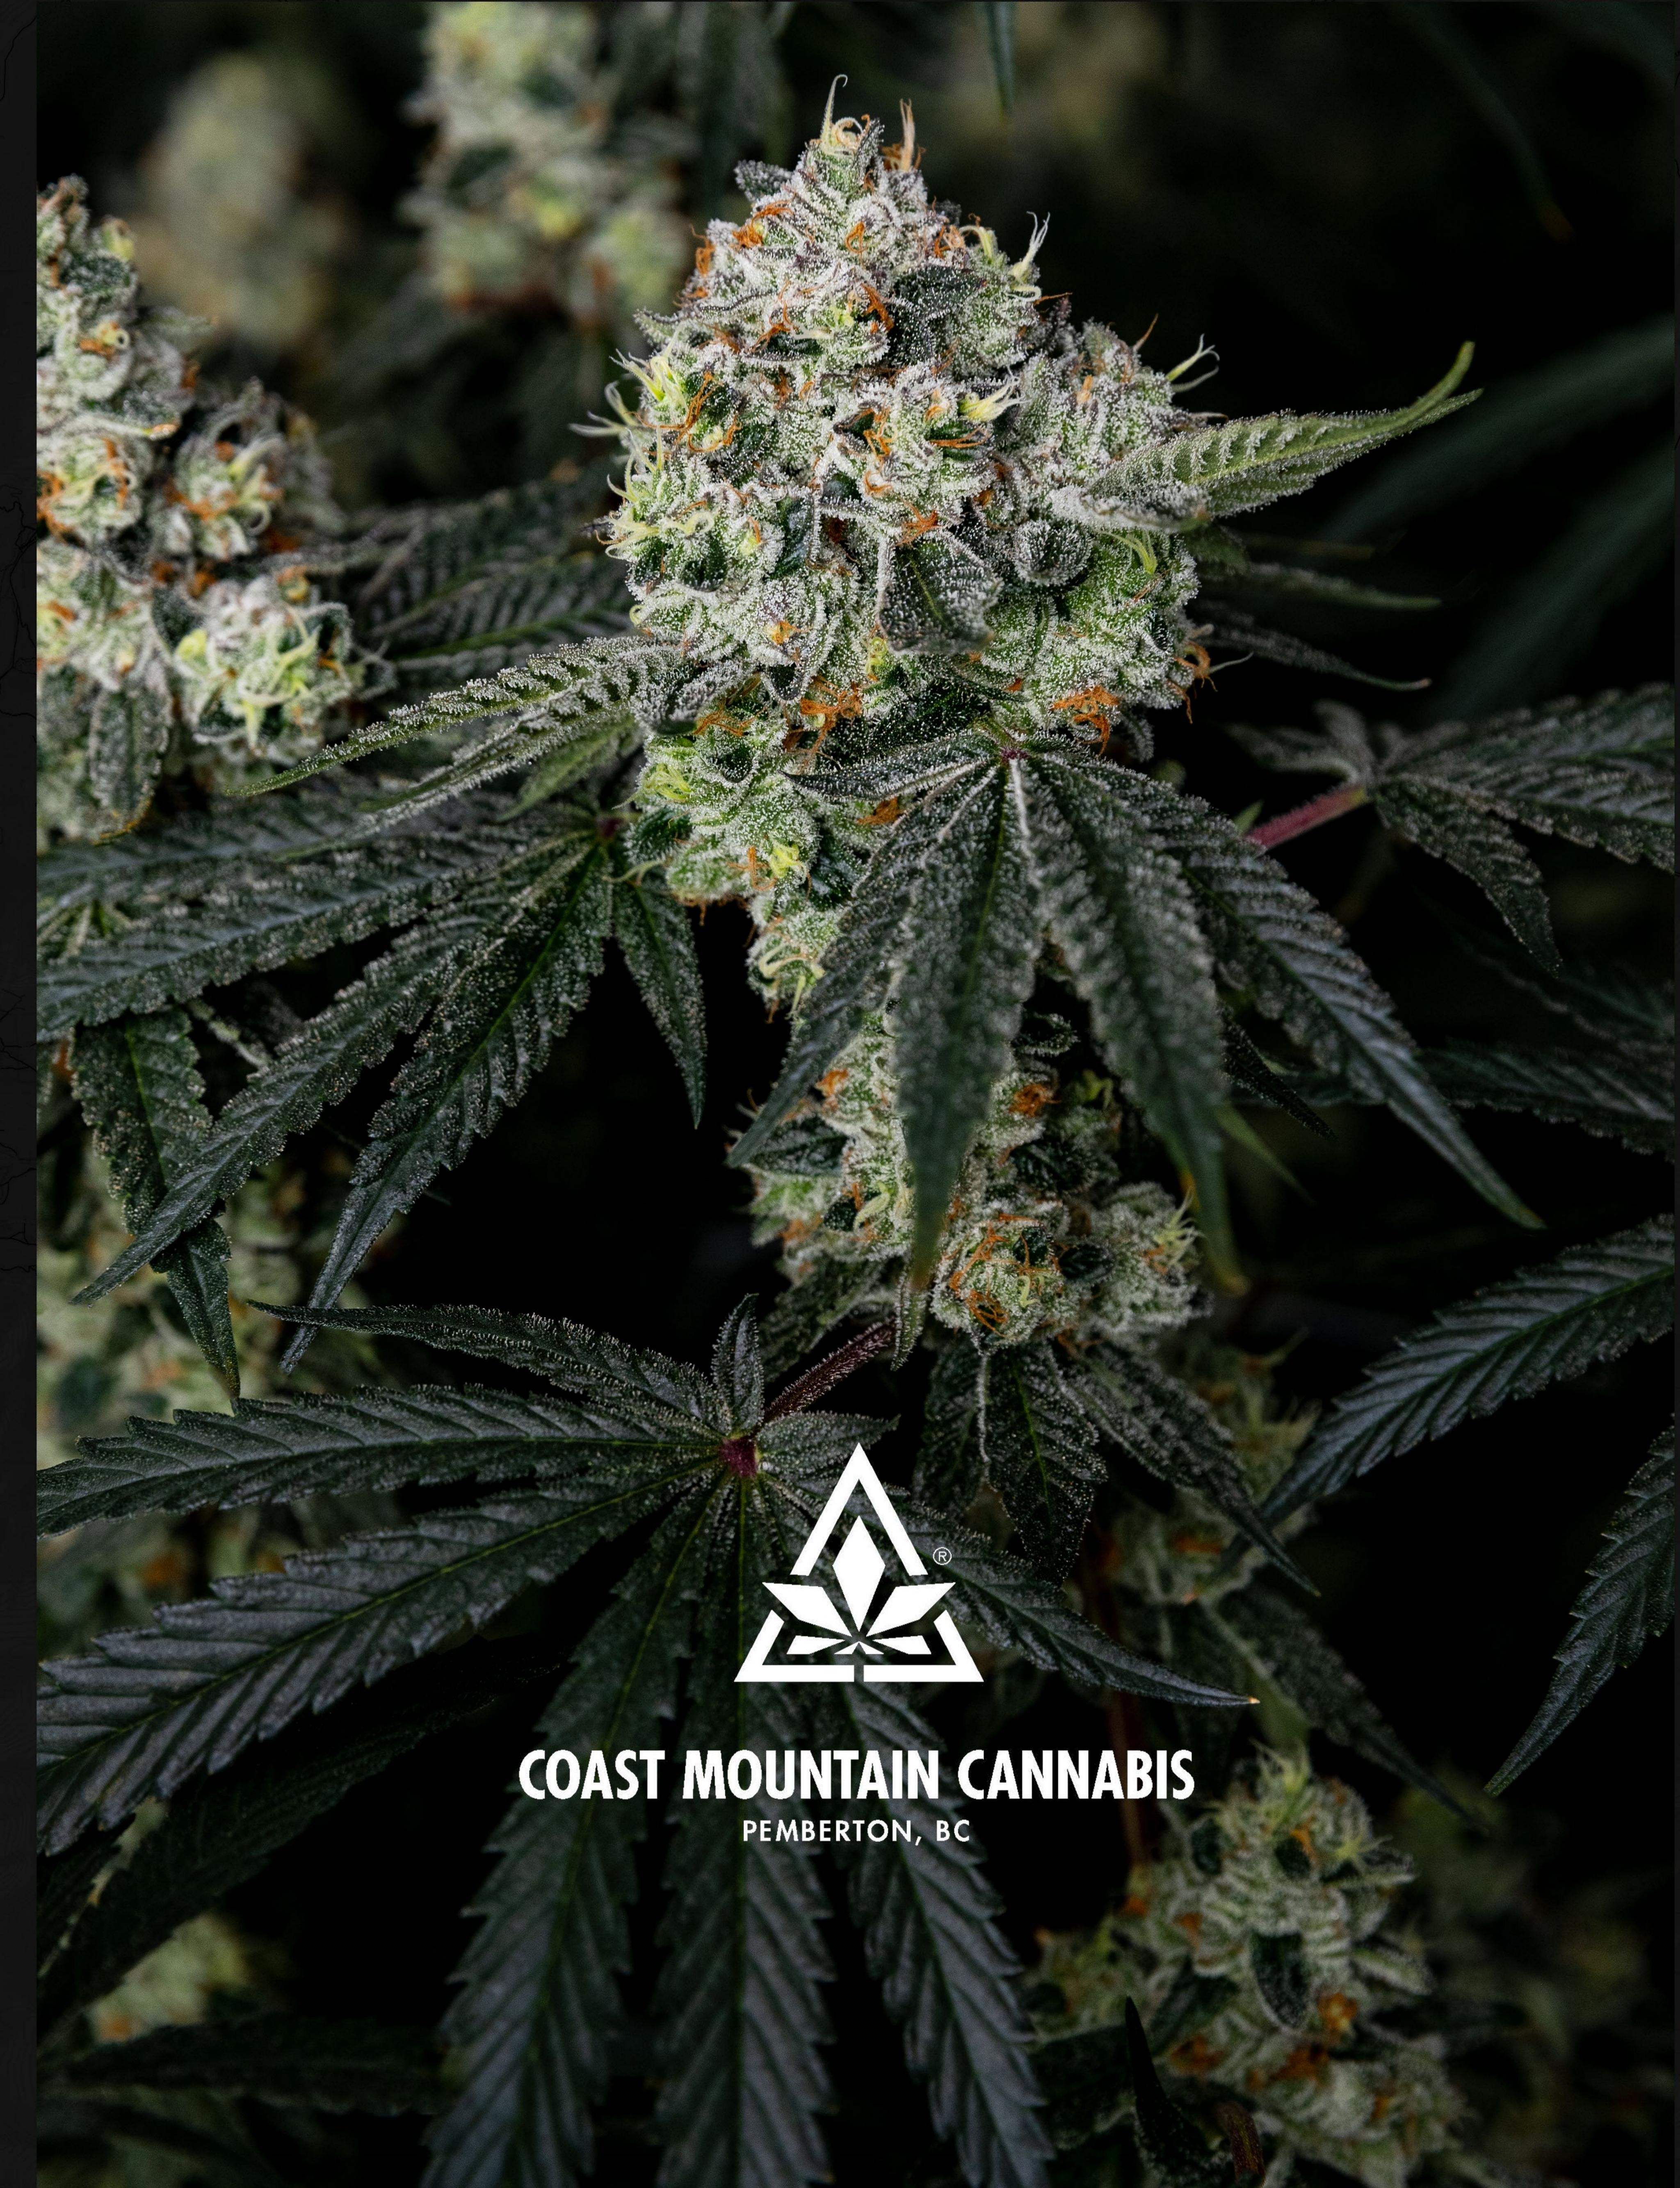

Smooth, creamy and exclusive to Coast Mountain
Cannabis, this rare indica dominant hybrid is a cross
between Lava Cake and Do-Si-Dos. Potency reaches
the mid to high twenties but its the unique nose and
taste that gets people talking. The smoke is heavy and
rich with sweet fruity taste on inhale with a slight
chocolatey spice on exhale.

Consume Responsibly. Find test results and more at www.coastmountaincannabis.com

ORGANIC CANNABIS, RESPONSIBLY GROWN

### LINEAGE:

# BC ORGANIC PEANUT BUTTER SOUFFLÉ

LAVA CAKE DO-SI-DOS (OGKB x Face Off OG) (Thin Mint GSC x Grape Pie)

Inspecting these gorgeous live plants in their organic living soil, one will quickly notice their unique lime green, almost blue colour. The medium to large buds are evenly exposed to our full spectrum LEDs by careful pruning of every plant individually throughout the flowering process.

The sweet nutty aroma starts to really kick in during our hang drying process. We lock in those essential terpenes by taking our time cold curing our dried flower. The final nose is pungently sweet, fruity and floral with hints of lime and pine.

ORGANIC CANNABIS, RESPONSIBLY GROWN

COAST MOUNTAIN CANNABIS, PEMBERTON, BRITISH COLUMBIA, CANADA

As always, our ultra premium dried flower is hand trimmed to retain trichomes, providing you with the highest quality organic cannabis we can produce. Full, dense buds are presented in our premium glass jars for freshness.

The final product grinds fluffy with the perfect moisture levels, offering a rich and heavy smoke with a sweet fruity taste on inhale with a slight chocolatey spice on exhale.
